- PARTNERS & SPONSORS .............................................................................. 52
I am happy to welcome you, our esteemed athletes, who come to Kocaeli from different countries of the world, in our city. Welcome to our country and city.

Kocaeli has always enthroned hearts with its deep-rooted civilizations, cultural heritage and geographical structure identified with sports.

Our city; As it is in every corner of Turkey, it has taken the lead in many branches and especially in Orienteering Sports, and achieved great successes.

As a member of Kocaeli, which hosts this beautiful organization; We fully believe that you will perform the best competitions of your sports life with its geographical features suitable for our Orienteering Sports, unique beauties and cultural venues to be tasted separately at each stage.

I congratulate those who contributed to the organization and wish success to all athletes.

Seddar YAVUZ
Governor of Kocaeli
On the way we set out to make Kocaeli a world city, we host organizations with wide participation and competitions that will bring sound.

As Kocaeli Metropolitan Municipality, we are very happy to organize the Youth World Orienteering Championship in our city.

We have been preparing for a long time to host 333 athletes, managers and technical delegations from 30 countries in the best way in Kocaeli.

I sincerely believe that our athletes and technical delegations from almost every corner of the world will return to their countries as friends of Turkey and Kocaeli.

I would also like to express my gratitude to the International Orienteering Federation and Turkish Orienteering Federation for their support in the organization of the championship.

I wish success to all our athletes participating in the 2021 Youth World Orienteering Championship...

Tahir BÜYÜKAKIN–Mayor of Kocaeli Metropolitan Municipality
WELCOME TO JWOC 2021

The Turkish Orienteering Federation and the Metropolitan Municipality of Kocaeli would like to welcome everyone to the Junior World Orienteering Championships 2021.

I would like to state, how much we’ll enjoy by showing you Turkish hospitality. We are taking the pride of organizing the championship in unique forests in Gebze, Kocaeli which is 49 kilometers from Istanbul and has a history dating back to the 7th century BC. Gebze’s industry is one of the strongest centres in Turkey. I believe that Gebze Technical University (GTU), one of the very qualified, prestigious university worldwide, is going to be a perfect event center.

In Turkey orienteering has been carried out as a sport under the control of the armed forces since the 1970’s. In between 2002 and 2004 Orienteering Vice Presidency was within Mountaineering Federation following Scouting Federation. Since 2006, Turkey Orienteering Federation has been in progress independently. Meanwhile, we are taking part in organizing many national and international events, in addition to major IOF events such as SEEOC, ESOC, MCO and WCup events. Turkey is a record holder of making the most participation to WOD.

For the very first JWOC in Turkey; we, with Kocaeli governorship, mayor ship and GTU’s precious support, are very honored to welcome world’s best orienteers and their families in Gebze, Kocaeli with its history, nature, hand - woven silk carpets and Turkish cotton candy. Have fun!

Hacer Akyüz

President of Turkish Orienteering Federation
NICE TO SEE YOU HERE IN KOCAELI, TURKEY

Dear orienteering lovers.. I am very pleased to see you in Turkey. In the conditions of Covid 19, you did your best to join the JWOC and we did our best to organize it. During the JWOC, we will collect very special memories that we will tell our grandchildren in the future. I hope you have an enjoyable and successful activity.

It is very important for us that you are satisfied in every aspect when leaving Turkey.

JWOC has a special meaning as it is the first world championship held in the orienteering branch in Turkey. I see this activity as a good tool for promoting orienteering both in Turkey and in the world. Therefore, your satisfaction is very important. I hope we can do this.

Due to the covid conditions we are in, we both experienced some difficulties and turned the difficulties created by this situation into an opportunity. While we dreamed of holding the highest attendance JWOC, we had to organize the event without an audience and a public run. We had to cancel many social activities that were in our program. However, we saw that we could reach much more people by broadcasting the competition live on the internet and we focused on this issue in our work. I hope JWOC 2021 gets a lot of views around the world.

Please try to comply with Covid practices at the highest level, the biggest task here will be to protect ourselves. Make sure you have your accreditation cards with you, take into account that you cannot enter the JWOC areas without this card.

I would like to say my last words to our athletes. I wish you all success in the competition, as the father of an elite athlete, I know how hard you have worked to get to this point, I hope you get paid. But most importantly, I hope you enjoy JWOC. Good luck..

**Host City**

Throughout history, Kocaeli has been a gateway connecting Europe with the Middle East and Asia. It was the capital of the ancient Kingdom of Bithynia and a crucial trade centre for the Eastern Roman Empire.

Today, along the commercially active Black Sea and the Marmara Sea shorelines, Kocaeli boasts 34 ports and industrial facility docks, making it a logistics heaven and a gateway to global markets. The province is a hub for both national and intercontinental routes. It is adjacent to Istanbul, one of the world’s largest metropolitan centers and close to two international airports; Istanbul Sabiha Gökçen (SAW) and Istanbul Havalimani (IST), 20 and 97 km. from the city center respectively.

Kocaeli is home to more than 1,600,000 people and is one of Turkey’s most densely populated cities. This is also the home port for the Turkish Navy, demonstrating the continuing historic and strategic importance of the province in military terms.
Gebze will be hosting town in Kocaeli.

Gebze is a district in Kocaeli Province, Turkey. It is situated 65 km (30 mi) southeast of Istanbul, on the Gulf of İzmit, the eastern arm of the Sea of Marmara. Gebze is the second largest district in Kocaeli after İzmit, the provincial centrum in terms of population.

The district of Gebze is located in the westernmost portion of Kocaeli Province, with neighbors Tuzla to the west; Pendik, northwest; Şile, north; and Körfez, to the east. The district includes 6 municipalities (Gebze, Darıca, Çayırova, Dilovası, Şekerpinar, and Tavşancıl) and 22 villages (Ahatlı, Balçık, Cumaköy, Çerkeşli, Demirciler, Denizli, Duraklı, Elbizli, Eskihisar, Hatıpler, Kadılı, Kargalı, Köşeler, Mollafenari, Muallimköy, Mudarlı, Ovacık, Pelitli, Tavşanlı, Tepecik, Tepemanayır (Tepepanayır), and Yağcılar).

**EVENT CENTER**

Event Center is Gebze Technical University (GTU). GTU has around 5,000 student during education period in Gebze. Distance from the Event Center to the city center Gebze is 4-5 km.

The coordinates of Event Center is 40°48'50.6"N 29°21'38.2"E
Gebze is easy to reach by car and rail being located 65 km south west of Istanbul connected by direct highway and railway. The nearest international airport is Sabiha Gokcen.

**Direction to Event Center**

**From the İzmit/Kocaeli direction**

Pass Gebze on the D-100 highway, and after Çayirova junction, take the side road in the direction of Şifa Mahallesi, 1100 m. Then make a U-turn from the underpass, ask Anadolu Medical Center, proceed towards GTU, enter 2661. Street from the entrance on the right and reach the Event center.

**Direction from Istanbul**

Pass Tuzla on the D-100 highway, take the side road in the direction of Şifa Mahallesi, proceed towards GTU after Anadolu Medical Center, and enter 2661. Street from the entrance on the right and reach the Event Center.

ANTI-DOPING

Doping is strictly forbidden and the organizers of JWOC 2021 are dedicated to supporting the anti-doping authorities in their work. Doping tests are always carried out in accordance with the procedures described in the WADA International Standard for Testing. The IOF Anti-Doping Code apply as of 1st January 2021.

Athletes who are selected for the doping tests must bring an official identification (with photo) to the doping test area - the JWOC ID card is acceptable.

The athlete should also bring along their Therapeutic Use Exemption (TUE) if applicable. In general, it is advisable that the athletes bring along their ID to all the competitions and events. For more information, please consult https://orienteering.sport/iof/anti-doping/
CLIMATE

Kocaeli’s climate is classified as warm and temperate. The temperatures are varying between the highest 31°C lowest 23°C in September.

COMPLAINTS AND PROTESTS

Any complaint shall be made in written form and handed in at the Event Office at the arenas as soon as possible. Complaints regarding the results shall be made no later than 15 minutes after the publication of the provisional results list.

A written protest can be made against the Organizer’s decision about a complaint. Written protests shall be delivered by team official at the Event Office at the arenas no later than 15 minutes after the organizer has informed the complainant of the decision about the Complaint.
A Protest fee of 50 EUR shall be paid to the IOF Senior Event Adviser in cash when making a Protest. The fee will be returned if the Protest is accepted by the jury, otherwise the fee will be sent to the IOF. Forms for making a complaint or protest will be available at the arena Event Office.

ARENA PRODUCTION

There will be TV coverage which will be shown on a big screen in the arenas. This means that there will be cameras in the terrain, and many athletes will run with GPS. At the same time, the live broadcasting will be carried out and publish in internet during the all program for free. Also, IOF live center will share it all those competition.

COMPETITION CLOTHING

There are no special regulations applying to athletes concerning the type of clothing they choose to wear.

It is forbidden to use shoes with spikes in the Sprint competition and in Sprint training areas

TEAM OFFICIALS MEETINGS

For each competition, a “Team Officials Meeting” (TOM) will be held before the competition day, providing all important information about the competitions. There will be just one meeting for Middle distance, covering both qualification and the final and one meeting for Long and Relay.

All Team Officials Meetings with online participation possibility will be held in the Event Centre. If you have questions for the meetings, please send them to info@jwoc2020.org before 16:00 on the respective day, and we will answer them during the meeting.

Only 1 representative from each country may participate to TOM personally since Covid restrictions. The MOM of TOM will be published as soon as possible at the JWOC web site.

REST DAY ACTIVITIES

Since covid-19 restriction, there will be no social activities.

CODE OF ETHICS

Activities incompatible with the IOF Code of Ethics and the IOF Policy on Preventing Sexual Harassment may lead to sanctions towards individuals or the federations they represent, should these individuals be found responsible for the activities.

The acceptable level as to when a picture or a video may be seen as sexually expressive is unlikely to be the same for different individuals. A guiding principle will be to look at what clothing the athletes would use in e.g. a sprint competition. Any less clothing than this should
not be expected to be considered acceptable. This both relates to posts in a JWOC-related social media or web page and in physical prints in the JWOC accommodation sites.

Team officials of all teams entered for JWOC 2021 are requested to discuss these principles with all athletes that will be entered for the JWOC 2021 competitions. This issue will also be addressed as an item on the agenda of the first Team Officials Meeting in connection with JWOC. Any questions or comments regarding this topic can be put to the info@jwoc2020.org.

For reference, the IOF Code of Ethics and Policy on Preventing Sexual Harassment and Abuse can be found on the IOF.

TRANSPORT

Transport between Event center and opening ceremony will be provided and is covered by the accreditation fee. On the other hand, teams are strongly recommend organizing their own transport to minimize the Covid-19 risks.

ACCOMMODATION

For information about accommodation see information in Bulletin 3.

The sampling point required for Covid 19 testing will be located in these hotels. Those staying in these hotels do not need to go to the hospital. The OC will ensure that the test results are received and inform the participants of the results.

FOOD

The menu of lunch boxes provided by OC is shown below.

**ENTRIES AND PAYMENT**

All Entries must be made through IOF Eventor.

Each nation can enter a maximum of 6 women and 6 men, together with no more than 4 officials/coaches — maximum total 16.

All fees should be paid by bank transfer. Please note that the payer is responsible for all bank fees and charges both in their own country and in Turkey. Credit card payment is not available.

Entries will not be deemed valid until full payment is received by TOF.

For additions to the size of the team, accommodation bookings or transport between 04 July and 24 August, there will be a surcharge of 20% of the cost.

For cancellation of participants, accommodation bookings or transport between 04 July and 25 August, 80% of the amount paid will be refunded.

For additions to the size of the team, accommodation bookings or transport between 25 August and 04 September, there will be a surcharge of 50% of the cost.

For cancellation of participants, accommodation bookings or transport between 25 August and 04 September, 50% of the amount paid will be refunded.
Name changes made in the period 25 August to 04 September will cost 10€

**PAYMENT DETAILS**

Recipient:
Owner’s name: Turkey Orienteering Federation
Owner’s address: Güvenevler Mah. Güneş Sok. No:1/2 Çankaya/ANKARA
Bank name: Türk Ekonomi Bankası (TEB)
IBAN number: TR89 0003 2000 0000 0067 4849 05

**ENTRY PERMITS (VISAS)**

The following link of The Ministry of Foreign Affairs contains necessary info related with visa to enter Turkey and also the manner of receiving it.

http://www.mfa.gov.tr/sub.en.mfa?cc4e437c-6769-4d79-9017-10b63c651224

If an official invitation letter from JWOC organizer is needed, please make an official request to the following e-mail address, info@jwoc2020.org.

**COVID 19 INFO**

JWOC 2021 Covid-19 Bulletin has been published 19 August 2021.

http://www.jwoc2020.org/?page_id=2221
MEDIA

We welcome all media representatives who has a confirmation letter from member federations to JWOC 2020. Information can be received by contacting to info@jwoc2020.org.

In all arenas, work stations (tables and chairs) and internet connections as well as photo shooting areas in the terrain and the finish are provided to accredited media stuff.

Accommodation and transportation etc. should be booked by media representatives themselves. OC will provide lunch boxes to all registered media stuff.

JWOC TOUR

Cancelled because of covid-19 situation

CEREMONIES

Opening Ceremony

The Opening Ceremony of JWOC 2021 will take place on Saturday, 4th September between 16:00 and 17:00 in the main square (40°45’44.5"N 29°55’57.6"E) in İzmit in Kocaeli.

All teams must be present no later than 15.30 at Parking area (40°45’35.0"N 29°55’52.1"E) close to Opening Ceremony Area.

All teams will start to walk with their own national flags from parking area to Opening Ceremony Area by the bridge at 15:40. OC will provide adequate parking area for all JWOC Accredited vehicles.

Optional transport

The accreditation fee includes: Transport to/from Opening Ceremony
*Please inform the organization if decide to use own transportation via email

GENERAL INFORMATION ABOUT THE COMPETITIONS
Quarantine
All participants will go to the quarantine area by their own vehicles due to covid conditions. Please ensure that you are in quarantine at the appropriate time, taking into account the distance and traffic jams.

Start procedure
The pre-start is situated in the quarantine area, and from here competitors make their way towards the start when their start time is shown on the start clock. The length of time that this is before the actual start time will be different from race to race – see individual race details. At the pre-start it will be checked that competitors have their bib number, SIAC. The GPS unit will be placed in the selected competitor’s GPS vest when entering the pre-start. Please pay attention to not forget bringing your gps vest.

Start Draws
For Sprint, Middle Qualification and Long Distance, nations are responsible for dividing their competitors between 3 start groups (early, middle and late). This must be done by 12 noon at the latest on the day before the relevant competition.

Late start
If a competitor is late for the start, he/she must check in at the pre-start call-up. The competitor will then be allowed to proceed to the start and go through the start procedure as fast as possible. If upon arrival at the start line - the competitor is less than half a start interval after his/her start time, he/she will be allowed to start immediately. If the competitor arrives more than half a start interval after his/her start time, he/she will have to wait until the half start interval after the next starter. If the competitor is late through his/her own fault, the original start time will count for timing. If a competitor is late through the fault of the organizer, the real start time will be used.

Time-taking and punching system
If abandoning the race, the competitor must immediately go to the finish area to report and read out his/her SIAC.

Number bibs
All competitors must wear their number bibs at all competitions. Number bibs will be placed at the pre-start and can be collected at any time. The bibs must be worn on the chest. They must be visible in their entirety – they must not be folded or cut. Safety pins will be provided.

GPS Tracking
44 Men and 44 Women chosen by the organizers will get a GPS device in all individual competitions. The list of selected competitors for GPS tracking can be obtained along with the number bibs (18:00-20:00 on the day before the competition).

14 Men and 14 Women’s teams will get GPS devices in the Relay competition. GPS devices will be distributed and put on by competitors with the help of organizers upon entering the Pre-Start.
Finish procedure
Time will be measured at the moment of crossing the finish line. Upon crossing the finish line, competitors enter a restricted-access area for SIAC download and removal of GPS units. Coaches are allowed in this area, there is water and fresh fruit available and there is access to first aid if needed. Competitors selected for doping testing will be met by their chaperones here. Cool down is possible within the arena limits – see arena plans.

Out of bounds and forbidden Access
It is forbidden to pass through all areas drawn in olive-green on the maps (ISOM 520, ISSOM 528.1).

Other people in the terrain
Please see instructions for each competition below. There may also be photographers or cameramen from the media or TV production in the terrain.

Refreshments
At the refreshment stations fresh water will be offered. There will be water at the finish on all competition days.

Embargo
Entering the competition area is forbidden for competitors who have finished and for team officials, until the last competitor has finished. Exemption from the above restriction is the arena, where competitors who have finished can freely enter from the Team Zone.

Team officials are allowed to follow the marked routes from parking or quarantine to the arena.

SPECIAL INSTRUCTIONS FOR EACH COMPETITION

Sprint Distance – Sunday, 5 September

Transport to the parking area
You can reach the parking area from the event center by using the coordinates.

(N 40.760530 E 29.923784)

There are different routes to sprint parking area, but the shortest one is 55 km (approx. 40 minutes). We recommend using this route in case of traffic but this route has tolls (approx. 2-3 euros).

**Quarantine, Pre-start and Start**

The distance from parking area to quarantine is about **930m with yellow-black tape**.

Car parking coordinates: **40°45’38.0"N 29°55’25.8”E**

Quarantine closes at 9.45; all competitors and accompanying team officials must be checked in by this time. The start procedure is as described in the section on start procedure. Start interval is 1 minute. Bags will be transferred regularly to the Team Zone in the arena.

Terrain

- **Altitude:** Terrain area is located 10-120 meters above sea level.
- **Land Form:** City environment in an extremely hilly terrain.
- **Vegetation:** Mainly city environment with buildings, stairs and some parks.
- **Runnability:** Very good. Shoes with metal spikes and studs are not allowed. Running shoes recommended.
- **Visibility:** City-like
- **Paths and Roads:** Mostly residential area with many stairs and roads.
- **Traffic:** Main public roads where courses cross will be closed to vehicle traffic. This does not mean evidentially that competitors will not meet vehicles during the race (e.g. car leaving a parking place) so attention is needed when crossing the streets.

Special Features

**On the map**

If the railing on the stairs prevent the athletes from crossing to the other side, it is shown on the map as *501.100 Step or edge of paved area symbol* like 1.1 photo.

If the railing on stairs short or not prevent the athletes from crossing to other side, it not shown on the map like 1.2 photo.
Not on the map

- Short railings
- Pavement lines
- Stairs on the side of the street
- Stairs beside buildings
- Passable barriers

Terrain

- **Altitude:** Terrain area is located 150-220 meters above sea level.
- **Land form:** Some areas show detailed contours and have lots of rocky features.
- **Vegetation:** It is a broadleaf forest consisting of oak and hornbeam trees. The ground is often covered with undergrowth.
- **Runability:** From normal to good, in some areas runnability is reduced because of vegetation and rocky ground.
- **Visibility:** Mostly poor because of dense vegetation.
- **Paths and roads:** Some forest roads and paths cross the terrain.

Special Features

Athletes will use this bridge in the marked route to cross the stream.

There will be a wooden bridge in the arena for both the middle qualification and the final. On the middle qualification day, the athletes will complete the competition by passing under this bridge after punching last control.

*Athletes will pass under the bridge at the finish line

Relay- Friday, 10 September

Transport to the parking area

You can reach the parking area from the event center by using the coordinates.
(N 40.917742 E 29.542493)

There are different routes to parking area, the shortest one is 26 km (approx. 40 minutes)(free), the longest one 35 km (33 minutes). We recommend using the longest route in case of traffic but this route has tolls (approx. 2-3 euros).

The distance from parking area to quarantine is about **850 m with black yellow tape**
Quarantine, Pre-start and Start

Quarantine closes at 9.45; all competitors and accompanying team officials must be checked in by this time. The start procedure is as described in the section on start procedure. There is no start interval. Athletes will start mass. Bags will be transferred regularly to the Team Zone in the arena.

Quarantine is located in the Arena. Quarantine closes at 9.45 (that is 15 minutes prior to the women’s mass start) all competitors and accompanying team officials must be checked in by this time. There are tents, water and toilets inside the quarantine. Leaving the quarantine after the 9:45 deadline is allowed, but re-entry is forbidden until the race is over (valid also for coaches). Once having finished the race it is strictly forbidden to make any kind of contact with team members inside the quarantine.

GPS vests for selected teams will be available just outside the “call-up point”. Baggage, clothing and other personal belongings from quarantine area should be placed in the area marked as “Bags to team-zone”. Baggage will be transported to the pick-up point outside the Quarantine Area.

1ST LEG START:

1st leg runners must must follow the stuff who in quarantine to reach 1. leg start area no less than 5 minutes before the start. In this area the SI-cards are cleared and checked, and GPS units are put in place. Coaches are not allowed to enter the area but may stay in contact with their athletes. 2 minutes before the start, runners will be asked to move up to their maps.

CHANGE-OVER: Approximately 15 minutes before the expected changeover runners of the following leg shall pass through the “call-up” point and enter the changeover area. Here, the SI-cards are cleared and checked, and GPS units are put in place. Having entered the changeover area athletes may continue their warm-up. Coaches are not allowed to enter the changeover area but may stay in contact with their athletes. The incoming runner must punch the finish SI-unit after the finish line and then proceed to the change-over plank, where incoming and outgoing runners must change over by touching hands. The incoming runner will follow the start corridor to a map board, where she/he will pick up the correct map labelled with the team’s start number and leg number.

All maps are hung on the same map board, first women’s, then men’s. Upper row for 2nd leg runners, lower row for 3rd leg runners. Lowest team numbers are first from the direction of approach. It is the runner’s responsibility to pick the correct map. If a runner’s map has been picked up by someone else, the map-board staff will be ready to provide a reserve map as quickly as possible.

FINISH: There is no punching on the finish line for 3rd leg runners. The chest position is decisive if there is a close finish. The finish line will be video-recorded.

ARENA PASSAGE: All legs for both classes Men and Women will pass through the Arena. There will be a 290 m obligatory route after the spectators control through the Arena. There is no control point at the end of the passage.
**Arena**

1. First Athletes Mass Start Line To Triangle
2. Runner Passing Arena
3. End Of The Marked Route
4. Second and Third Athletes Line to Change-Over
5. Finish Line
6. Change-Over
7. Podium
8. Video Screen
9. TV/Commander
10. Press/IT
11. Media

Start Point
Terrain

- **Altitude:** 250–360 meters above sea level.
- **Land Form:** Hilly area with few very steep slopes. Some areas show very detailed contours.
- **Vegetation:** Broadleaf forest with some open areas. The ground is quite rough and in some parts has undergrowth.
- **Runnability:** Very good in open areas; good to reduced runnability in the forest parts.
- **Visibility:** Very good in open areas and mostly good in the forest parts.
- **Paths and Roads:** Few bigger roads and rich path networks.

Special Features

On the map

417. Prominent large tree
407, Vegetation, slow running, good visibility

407, Vegetation, slow running, good visibility
Not on the map

Below the knee plants are not drawn on the map.

The tree piles formed due to forest cuttings are not shown on the map.

**Map**

**Map:** Scale 1:10,000, Contour Interval 5 m, Standard ISOM 2017, A4 size (210x297mm)

**Cartography:** Georgi Kartalov

Petar Doganov

Aleksandar Efimenko (2018)

**Uptade:** Georgi Hadzhimitiev (2020)
Abdulkadir Köseoğlu
Yüksel Kösem (2021)

Out of Bounds and Forbidden Access: Out-of-bounds areas are marked on the map with symbol 709
